DESCRIPTION

The AX BlueStream is an innovative Bluetooth Stereo Headset. Stylish and functional, the AX BlueStream is extremely small and designed as a lapel clip for easy placement. Beneath the black piano finish is an integrated OLED screen that displays multiple functions, including caller ID. The AX BlueStream will control your music playback options without ever having to touch your phone or computer. The AX BlueStream includes high performance ear buds that are less invasive than larger Bluetooth stereo adapters. Built into the AX BlueStream is a concealed high performance microphone and a standard 3.5mm audio jack. Through the convenience of your Bluetooth cell phone, the AX BlueStream provides wireless stereo audio, and headset functions in a comfortable design.

* Hands free bluetooth through car audio system with supported 3.5mm aux. jack
