

- PERFECT FOR TRAVELING WITH A LAPTOP
- WORKS WITH PC AND MAC
- COMPACT DESIGN FITS IN MOST LAPTOP CASES
- PLUG AND PLAY USB CONNECTIVITY
- NO EXTERNAL POWER OR BATTERIES REQUIRED
- SUPERIOR 2.1 AUDIO SOUND WITH BUILT-IN SUBWOOFER

DESCRIPTION

TRITTON introduces the USB Sound Bite music system. Ideal for both laptop users and desktop users, the Sound Bite provides big sound in a compact design. Laptop users can enjoy quality sound in a mobil design that will fit in most laptop bags. Desktop users can minimize power cords and maximize desktop space by using the Sound Bite. The 2.1 audio system incorporates a built in subwoofer providing depth to the audio range that typical laptop speakers are unable to achieve. Both audio and power come from the single attached fold away USB cable. No batteries, power adapters or additional cables required.
